INTRODUCTION

A representative from the Maryland Network Against Domestic Violence contacted the Cecil County Domestic Violence Program and requested they start a Domestic Violence Fatality Review Team in Cecil County. MNADV was told that it seemed as though there was enough support to have a team in Cecil County. David Trolio and Gary Pierce identified agencies and organizations who come in contact with victims and/or perpetrators of domestic violence and who would be approached to serve on the Cecil County DVFRT.

On May 27, 2008, the Cecil County DVFRT met, under the guidance of the team consultant from the MNADV, to begin the process of reviewing and revising a draft protocol supplied by the MNADV, based on previous experiences with other team formations.
• **PURPOSE AND GOALS OF THE DOMESTIC VIOLENCE FATALITY REVIEW TEAM**

The purpose of the Cecil County DVFRT is to review deaths in which domestic violence has played a role, with the ultimate intent to prevent future fatal and serious physical injury occurrences. The review process is aimed at creating a climate in which organizations and individuals in Cecil County will commit themselves to an enhanced response to domestic abuse as a societal evil and a crime, and to victims that they might pursue a better quality of life.

**Mission Statement**

The Cecil County Domestic Violence Fatality Review Team (DVFRT) seeks to evaluate and better comprehend deaths or near death situations related to intimate partner violence. It is hoped that through identification of gaps in services and evaluating conditions that led to the tragic death, domestic violence and related homicides or near death situations can be prevented in the future. The review represents the pinnacle of collaboration among community-serving organizations.

• **PURPOSE OF THE ANNUAL REPORT**

Domestic violence is defined as a pattern of behavior used to establish power and control over another family member or intimate partner using fear and intimidation, often including the threat or use of violence. The purpose of the annual report is to give an overview of those domestic violence cases resulting in death or near-death and record the team’s findings and recommendations.

**PART II. TEAM AND PROTOCOL DEVELOPMENT**

• **TEAM MEMBERSHIP STRUCTURE**

Each of the following agencies agrees to provide two members, one primary representative and one alternate (if possible), to attend meetings, review cases and assist in formulating recommendations.

- Cecil County Sheriff’s Office
- Maryland State Police
- Elkton Police Department
- North East Police Department
- Rising Sun Police Department
- Cecil County Dept. of Social Services
• Cecil County Health Department
• Maryland Division of Community Supervision
• Local Family Violence Coordinating Council
• Union Hospital
• Upper Bay Counseling
• Domestic Violence/Rape Crisis Center
• Survivor of Domestic Violence
• Cecil County Public Schools
• Cecil County State’s Attorney’s Office

• PROTOCOL DEVELOPMENT

The MVADV provided the Cecil County DVFRT with a start-up binder which included the information to get the team organized. The Cecil County team used the draft protocol as a starting point to formulate our own protocol. The final protocol was finalized and adopted in August of 2008.

• CASE SCREENING COMMITTEE

The protocol indicates that the Chairperson, Vice Chairperson and a third party will make up the case screening committee. The case screening committee will meet between scheduled meetings and will look over homicide, suicide, and near death cases to determine which cases meet the criteria for domestic violence involvement and should be reviewed. In determining which cases to review, the protocol requires that the case screening committee meet at least four (4) weeks prior to the next scheduled DVFRT meeting. The Chairperson will then submit the victims and offenders names to the team members so that the representatives, who are responsible for reviewing the records of their agency, can identify any information related to domestic violence about the parties.

Progress of Findings in the 2014 Annual Report:
There were no cases reviewed in 2014, therefore there are no findings.

PART IV. OVERVIEW OF THE 2015 REVIEWS

• INTRODUCTION

The Cecil County DVFRT held review meetings on January 14, April 8, July 8, and October 14, 2014.
2015 REVIEWS

- The team began to review a new case at the April 8, 2015 meeting. That particular review is still underway.

PART V. FINDINGS AND RECOMMENDATIONS

The Cecil County Domestic Violence Fatality Review Team was created to review domestic violence homicides and near death cases by assessing and analyzing individual cases in order to prevent future homicides or serious assaults. In the attempt to achieve this goal, the team agreed that we should work together to provide a more effective response to domestic violence situations holding the participating agencies accountable without placing blame.

The one case that the team is examining is still ongoing. Therefore, there are no findings.

PART VI. CONCLUSION

It is the hope of the Cecil County Domestic Violence Fatality Review Team that this report will in some way be helpful in making changes to the way that the community responds to family violence.

Respectfully submitted,

R. Gary Pierce
Chairperson
Cecil County Domestic Violence Fatality Review Team
